WHO WE ARE

BIC is an *angel network* that *invests in* and *venture-builds impact-driven Indonesian businesses*. Our vision is to develop the entrepreneurial landscape across Indonesia and to give rise to a new generation of change-makers.

WHAT WE DO

We are building an *ecosystem of companies* that *work together to tackle some of Indonesia's biggest challenges* and *provide all necessary support to ensure our founders reach their fullest potential*. We regularly host events to promote the entrepreneurial community, and act as a bridge between angel investors and hungry entrepreneurs.

our MANDATE

Indonesian-based companies with existing *market traction* and *revenues* that focus on bottom-of-pyramid wealth creation and the circular economy. We start at *Seed* and lead our companies to Series A funding. Our tickets usually range between USD 200k - 500k.

INVEST IN POSITIVE CHANGE

JOINING FEE

5% on USD 20 to 49k
4% on USD 50 to 99k

ADDED VALUE

We handle all *sourcing, due diligence, deal brokering* and *reporting* to make it easy for you to invest in high-impact, high potential-profit companies. Our Investment Committee only selects cases we are able to support, and our partners personally back each round, putting skin in the game. We seek to ramp up valuations at least 3-5x within a year and define optimal exit cases for our investors.

HOW we WORK

From the moment the term sheet is signed, the BIC team becomes active within the portfolio companies. Our target is to get their business and teams ready for upcoming VC rounds. *We keep you constantly updated on the progress of each company* and invite you to also become a mentor if you want to get involved.

YEARLY MGMT FEE

2.5% of principal
deducted from future
returns until exit.
(waived if you mentor)

PERFORMANCE FEE

20% interest above net
ARR of 10% (fees & tax
paid). We charge carry
